

SHIRE HORSE SOCIETY AUSTRALIA

INSTRUCTIONS FOR NEW REGISTRATION OF FOAL/HORSE

Required Forms

To register a new foal/horse, you will need to submit the following forms to the Shire Horse Society Australia Registrar:

1. New Registration of Foal/Horse
2. Stallion Service Certificate
3. Certificate of Identification

Note: You may need to have a DNA Parentage test performed (see Rules of Registration on our web site), the results of which will need to be received by the Registrar before your new registration is processed. All horses born after August 1, 2008, *except* for non-breeding registrations, will need to be micro-chipped.

Upon successful registration, you will be sent a Certificate of Registration.

It is not necessary to be a member of the Shire Horse Society Australia Inc (SHSA) or other Shire Horse Society in order to register and have an entry in the Australian Shire Horse Stud Book.

General Instructions

Please ensure that the full date of birth is given for your animal.

All sections of all forms must be completed and if you are not the breeder, check with the Society that the dam has been transferred into the ownership of the breeder.

All details of the Certificate of Identification must be fully completed, and the written description and the markings diagrams must agree.

The mare owner's copy of the Stallion Service Certificate should accompany the New Registration Forms. The name of each and every stallion serving a mare during a service season must be declared on the Stallion Service Certificate as the possible sire. DNA testing will then be carried out .

Before sending in your new registration, please check that you have:

- Had the Stallion Service Certificate signed by both the mare and stallion owners.
- Had a qualified Veterinarian complete and sign the Certificate of Identification, and you have checked that the markings diagrams and written description match.
- Included the prescribed fees for a New Registration (see below).
- Included the New Registration Form, Stallion Service Certificate, and Certificate of Identification.
- It is recommended that you keep a photocopy of the required documents for your own records.

SHIRE HORSE SOCIETY AUSTRALIA

Registered Prefix

Every animal must have a registered prefix. If new breeders do not already have a prefix, please use the Prefix Application form available from the SHSA web site at www.shirehorsesociety.com.au. The purpose of the Prefix Application is to ensure that no-one is already using your choice of prefix. There is a once-only charge to register a prefix, which is then registered on your behalf. Duplication of names or numerical suffixes are not allowed.

Prescribed Fee

The prescribed fee for a new registration is \$35 (Australian dollars). The fee for a DNA test is \$95.

Form Submission

Upon completion and signature by the appropriate individuals as outlined within the attached forms, the forms should be copied for your own records, and the originals sent to:

The Registrar
Mrs Deb Buckland
Shire Horse Society Australia
132 Stewarts Rd
Winkleigh TAS 7275

For More Information

Information on the registration process and other aspects of the Shire Horse Society Australia Stud Book can be found on-line at the Society's web site at www.shirehorsesociety.com.au.

You can contact the Society committee with any questions via the contact form or details on the web site.

SHSA Stud Book Terms and Conditions

The information in our Stud Book was sourced by the Shire Horse Society Australia Inc from information, data and materials supplied to it by studs and horse breeders which the Society has relied on in good faith but without any independent verification of its truthfulness or accuracy.

The Society has used its best endeavours to ensure the information contained in the Stud Book is true and free from error or omission, however, the Society does not warrant or guarantee the truth of the information or that it is free from error or omission. The information in the Stud Book is useful as a guide only and should not be relied on by any person without independent assessment of its reliability and consideration of its appropriateness in any given circumstances.

In consideration of the Society allowing access to the Stud Book, all users agree to release and hold harmless the Society, its officers and employees from all claims, actions (including negligence), loss and damage (including special, indirect and consequential) caused by or relating to the information in the Stud Book. Any and all warranties implied by law with respect to the information are excluded to the fullest extent permitted by law.
